# STUDENT'S VOICE

## Nurturing The Talents And Gifts of Our Students

At Khalifa AlHamza American School, nurturing the talents and gifts of our students is our utmost priority. We foster an environment where students are encouraged to reach for the stars, supported in every step of their journey. From honing their skills in public speaking, research, and presentation to refining their handwriting and storytelling abilities, we ensure that each talent is recognized and nurtured.

Our curriculum emphasizes creativity and innovation, promoting sustainability and a deep understanding of history while encouraging students to research and envision the future. At our school, every talent is celebrated, and every dream is supported.

Ramadan Kareem! Wishing you a blessed and joyous Ramadan from Khalifa Alhamzah American Private School. May this holy month bring you peace, happiness, and spiritual fulfillment.

As we embark on the journey of March, we are reminded of the jubilant spirit and innocence that define childhood. Children's Day is not just another event on the calendar; it's a celebration of the pure joy and limitless potential embodied by the young souls around us. This special day, observed globally, serves as a poignant reminder to cherish and nurture the vibrant energy of our children, who represent the future of our society.

The Science Fair held on February 29, 2024, at KHAS was a resounding success, showcasing the enthusiasm and intellect of the students. The event was meticulously planned, organized, and implemented by the Science department to provide a platform for students to explore their scientific curiosity. Months of preparation by both Science teachers and students culminated in a diverse array of projects that covered various scientific disciplines. The fair featured engaging exhibits, interactive demonstrations, and insightful presentations, creating an environment that fostered learning and curiosity. The success of the Science Fair highlighted the commitment of the KHAS community to nurturing scientific inquiry and educational excellence.

## Happiness Day

On March 21st, let's celebrate World Happiness Day by embracing gratitude, fostering kindness, and prioritizing well-being. Together, let's create a world where joy thrives, and every individual finds fulfillment in the pursuit of happiness.

## Ramadan Kareem

Celebrating the event 'Welcome Ramadan'. Achieving the goal of the activity, children can be seen adorned in prayer clothes or traditional Emirati attire, adding to the vibrant celebration of this auspicious occasion.
