November Highlights at KHAS

In November, Khalifah Al Hamzah American Private School hosted the Spelling Bee Competition, welcomed Edefekra to inspire innovation in teaching, conducted a Boy Scouts tree-planting event for sustainability, held a Kindergarten Reading Competition, partnered with Salamatak Bus for safety awareness for cleaners and guards, celebrated English-speaking skills, and participated in The Chevron Readers' Cup.

English HOD Speech

The Role of English in Shaping Hearts and Minds

The English Department plays a vital role in equipping our students with more than just language skills—it provides them with tools for global communication, critical thinking, and personal growth. English is a bridge to understanding diverse cultures, sharing knowledge, and building a better future.

We are committed to ensuring that every student is served according to their unique abilities and learning styles. Whether through creative writing, project-based learning, or interactive discussions, our classrooms are inclusive spaces where students can thrive and explore their full potential.

- Beyond academics, we focus on fostering values such as kindness and empathy. Through the power of storytelling and meaningful discussions, we encourage students to see the world from different perspectives and develop a deep sense of compassion for others. These qualities are essential for creating well-rounded individuals who contribute positively to their communities.

The English Department strives to nurture students who are not only skilled communicators but also empathetic and kind human beings. Together, we are shaping students who value both intellectual growth and emotional intelligence—an essential foundation for a successful and meaningful life.

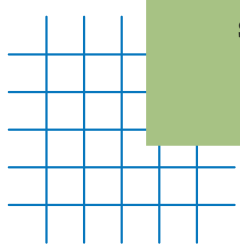

Partnering for a Greener Future

KHAS was proud to participate in this unique initiative in collaboration with Al Madam Municipality to raise awareness on the importance of environmental conservation and sustainability.

Little Readers in Action: Kindergarten Reading Competition

Congratulations to our young stars for their outstanding performance in Little Readers in Action: Kindergarten Reading Competition! Your hard work and love for reading have truly shone brightly!

Strengthening National Identity

Students embraced their heritage by wearing traditional clothing during the morning assembly and enjoying traditional food during Break 1. To highlight the significance of the day, the first 5 minutes of Arabic and English classes were dedicated to student presentations on its importance, fostering cultural pride and awareness.

Arabic Reading Challenge Season 8

We are proud of our distinguished students who excelled and innovated in the Arab Reading Challenge Season 8! They showed a great commitment to developing their skills and expanding their horizons through reading. We wish them more success and excellence, and to continue their journey with knowledge and creativity.
