Vice-Principal Speech

At Khalifah Al Hamzah American School, sustainability is a part of our mission to shape responsible, informed global citizens. Our commitment to a sustainable future goes beyond the classroom. We're integrating eco-conscious practices into our daily routines, reducing waste, and conserving resources. Through innovative projects, we empower our students to engage with real-world environmental challenges, fostering creativity and critical thinking.

By working together, we can make small changes that lead to significant impacts. Let's continue to cultivate a culture of care for our planet—because sustainability is our shared responsibility.

Thank you for being part of this important journey!

Activities

October Highlights: A Month of Learning, Safety, and Awareness

In October, Khalifah Al Hamzah American Private School celebrated a range of enriching activities. We honored Teacher's Day by appreciating the hard work and dedication of our educators. For World Mental Health Day, students participated in discussions and activities promoting mental well-being. We also conducted a fire drill training to ensure that our school community is well-prepared for emergencies. In the KG section, Vegetable Day was a fun and educational event, teaching young learners about healthy eating. Our Science Competition saw students showcase their innovative projects, while Breast Cancer Awareness activities helped raise awareness on this important health issue. We also kicked off an exciting Football League, where students demonstrated teamwork and sportsmanship on the field. It was a month filled with learning, growth, and community spirit.

Science HOD Speech

At KHAS, we are committed to fostering a culture of sustainability, where every small action contributes to a greener, more sustainable future for our community and beyond.

Story writing competition

We organized a Story Writing Competition this month, encouraging students to unleash their creativity and develop their writing skills. It was a great opportunity for them to express their imagination and share their stories with the school community.

Keep Learning

MAP Tests

Our students also participated in the MAP Test (Measures of Academic Progress), an important assessment that helps track their growth in key academic areas. The results will guide us in tailoring instruction to meet each student's individual learning needs.

Student Council

We are thrilled to announce that our Student Council for this school year has officially been formed! Congratulations to the newly elected members who will represent their peers, plan exciting school events, and collaborate with staff to support a positive school environment. The Student Council members are dedicated to making a difference in our school community, and they are eager to bring forth your ideas and work together to make our school an even better place for everyone. Let's support them as they take on this important leadership role!

Look out for updates and initiatives from the Student Council in the coming weeks!

November

Get ready for an exciting start to November! Join us in the first week for events celebrating National Identity, along with our engaging Quiz and Spelling Bee Round 3.

Thank You
